

"OUTLAW STRIKE" ENDS AT CHICAGO TOMORROW MAINTAINANCE OF WAY MEN TO QUIT APRIL 28TH

**WILL WALK OUT AS INDIVIDUALS UNLESS
WAGE DEMANDS ARE RECOGNIZED:
WANT \$1.00 PER DAY INCREASE**

SETTLEMENT WITH LABOR BOARD

WASHINGTON, April 20—President Wilson and his cabinet today discussed the railroad strike and reviewed measures passed during the past week. Following the meeting cabinet members expressed satisfaction with the government's course. Settlement of the strike will be left in the hands of the labor board. All members of the cabinet were present with the exception of Secretary of Commerce Alexander who is in St. Louis. The President presided at the meeting which was held in his study and which lasted an hour and a quarter.

CHICAGO, April 20—Maintenance of way employees who threatened a nation wide strike last February will walk out individually April 28, unless their wage demands are recognized leaders here declared today. E. B. Grable, Detroit, president of the organization has sent a petition to President Wilson for a tentative increase of \$1.00 a day with time and a half for overtime.

PITTSBURGH, April 20—Congested freight in this district was being pried loose as every railroad entering Pittsburgh reported improvement in the strike situation today. Men in the Pennsylvania yards were returning in this section while other railroads considered their strike answer. The freight embargo still was in effect but many exceptions are being made and perishable food is being moved normally. Passenger service on all lines was operating without inconvenience to traffic. The Pennsylvania was maintaining a schedule of 94.8. The B. & O. was operating normally while the Pittsburgh & Lake Erie was making rapid strides. Freight movement on all of the railroads here was the best since the strike began. At Pitsburgh the Pennsylvania moved 1,061 cars while at Conway 764 were moved. The B. & O. dispatched 500 freight cars with the return of 300 men. The P. & L. E. was attempting to relieve the freight congestion on all railroads today. Through passenger trains were being operated on all of the Pennsylvania lines east today.

WASHINGTON, April 20—Chiefs of the established railroad unions today appeared before the railroad wage labor board to present arguments supporting their demands for a wage increase totalling \$1,000,000 annually for two million workers including the "outlaw" strikers. Meanwhile chiefs of the newly organized "outlaw" unions were also here to prepare a statement to deal with the board. Ed. McHugh, representing the Jersey City strikers said they would not return to work until assurances were received that the board would give immediate attention to their case.

NEW YORK, April 20—Railroads in the New York district today reported approximately 70 per cent. of the strikers back on their jobs. Passenger service was said to be 90 per cent. normal and freight service more than 25 per cent. normal. The railroad managers association issued a statement declaring the strike broken and promised entirely normal conditions in both the freight and passenger service by May 1.

CHICAGO, April 20—The "outlaw" railroad strike will end tomorrow the chairman of the yard men's association announced today. Twenty-five additional warrants charging violation of the Lever Act have been issued against strike leaders.

KANSAS NEGRO LYNCHED

PITTSBURGH, Kansas, April 20—An unidentified negro tramp was lynched in Mulberry last night by a mob who literally tore the small town jail to pieces. The negro was charged with assaulting Sylvia Brown in the country about two miles from Mulberry. The negro was captured soon after the assault. The girl was taken to the jail and identified him. The mob hanged the negro to a telegraph pole.

JUDGE KUNKLE FIRST ON BALLOT

HARRISBURG, April 20—Judge George Kunkle, of Dauphin county court today won first place on the primary ballot, over Sylvester Sadler from Carlisle, in the race for the Supreme Court. The drawing took place in the office of the Secretary of the Commonwealth.

AUSTIN HANEY'S FUNERAL

The funeral of the late ex-County Commissioner Austin Haney will be held from the Haney home on Turnpike avenue tomorrow afternoon at 2

o'clock. The services will be in charge of Rev. C. C. Snively, of the West Side Methodist church and interment will be made in Hillcrest cemetery.

STOCKS RANGE LOWER

NEW YORK, April 20.—Prices were generally lower on the stock market opening today. Studebaker opened at 117 1/4 off 1/4, American Locomotive at 104 1/2, unchanged, American Woolen at 127 off 1, United States Rubber at 106 1/2 off 1/4, Baldwin at 135 1/2 off 1, Westinghouse at 51 off 1/4, Midvale at 45 1/4.

WILL ALLOW RETURN OF AMERICAN DEAD

WASHINGTON, April 20.—Under an agreement reached by the United States and the French governments, the bodies of the American soldiers dead may be exhumed and brought home if requested by the next of kin. It was announced today. This work will begin September 15.

Miss Ruth Sackett is spending a few days in Saginaw, Michigan, and will return to Pittsburgh.

FAIR YOUNG BOOSTER BOOSTS BUFFALO

Buffalo is a great city. We can prove our assertion by the following letter from Miss Lillian Hubert. The young lady is a student at School No. 23 in Buffalo, and is "so strong" for her home city that "she took her pen in hand" and told The Progress about some of the many advantages to be found therein.

We know it is all true or Miss Lillian would not say so, and we publish her letter herewith so Progress readers may know why Lillian "boosts Buffalo."

School No. 23, Buffalo, N. Y. April 16, 1920.

The Progress, Clearfield, Pa., Dear Editor:—

My object in writing this letter is to "Boost Buffalo." Buffalo is worthy of my boosting, because it is a great city. It is called the "Queen City of the Lakes." Why? Because it is situated at the base of Lake Erie and all the grains, lumber and fish that are sent down the Great Lakes have to change at Buffalo, from lake to canal boat, for they cannot cross the canal in lake boats. Buffalo is a "hive of industry," making everything from an automobile to a box of powder. Buffalo has a great many means of education. There are no rivals to our beautiful schools, situated in the most pleasant places. We have sixty-six public schools, three colleges and a university. Our hotels are without rivals and our hospitals are unequalled. The streets of Buffalo are of asphalt and lead out of the city. Six daily newspapers give us the news. Buffalo has the most beautiful homes, shaded by trees and situated in such pleasant places.

Buffalo has many parks. They are not just beauty spots, they are used by people of all walks of life. Buffalo also has many beautiful buildings, our Albright Art Gallery is recognized throughout the country for the many gems of art that are there. The Historical Building has an extensive collection, which records Buffalo's history from pioneer days to the present time. The gardens at South Park have growing in it specimens of almost every variety of the world's vegetation. We have a large library and branches of it in all parts of the city; also sub-branches in nearly all the schools. Athletics are provided for young and old. Baseball, tennis, golf, etc., for summer, and skating, coasting and hockey for winter are part of the sports. In all Buffalo is a wonderful city, taking care of all its inhabitants. I hope I have impressed you with the character and importance of Buffalo that you might boost it too.

A Booster,
LILLIAN HUBERT.

STATE ROAD MEN TO FIGHT FOREST FIRES

According to an order issued personally by State Highway Commissioner Sadler, the forces of the State Highway Department throughout the state are directed to hold themselves in readiness at all times to assist the Forestry Department in fighting forest fires.

County Superintendent of Roads Westcott received his official notification today and in turn has instructed the men under his supervision to act promptly in accordance with the Commissioner's order and combat all forest fires happening in their districts, and in every case of woods fires to promptly notify the local representative of the Forestry Department, or the Fire Warden of the district.

This sensible action on the part of the Highway Commissioner should result in great good throughout the state.

Charles Evans, son of Mr. and Mrs. George Evans, arrived home last week having been discharged from a military hospital after many months' treatment for a badly injured arm which he received in action in France in the summer of 1918. He is looking and feeling fine.

SOLDIER BONUS PLAN AGREED ON BY COMMITTEE

Chairman Fordney of Ways and Means Committee Reports Satisfactory Solution

\$1.25 TO \$2.75 PER DAY

WASHINGTON, April 20—Revised plans of sub-committees of the Ways and Means Committee provide a cash bonus of \$1.25 per day for soldiers, sailors and marines, instead of \$1 per day as first agreed upon. Chairman Fordney today began whipping a bill into shape from drafts by the sub-committees appointed to investigate different schemes for soldier relief. The measure will be laid before the Democratic members of the committee next Wednesday. Mr. Fordney hopes it can be reported and passed in the House before the end of the week. The bill will be written under five main titles: (1) Cash bonus. (2) Home aid (two plans). (3) Vocational education. (4) Paid-up insurance. (5) Revenue. It will be optional with soldiers, sailors and marines as to which of the four plans of relief they shall take.

Under the first title will be a provision for \$1.25 cash bonus per diem of service. It is understood that officers will not be entitled to this. There has been much discussion in committee over the wisdom of letting certain regulars who were in the service when this country entered the war receive a bonus. Details of the exceptions have not been completed. The Home-Aid title endeavors to combine features of bills that provide for irrigation of arid lands and advancements of credits with which to secure a home in town or country. A loan of \$1,000 for irrigation purposes has been tentatively agreed upon. In the event a home is desired by soldiers, sailors and marines will be credited 50 cents more per diem than if they took a cash bonus. That is, they will be allowed \$1.75 per diem. Following up the vocational education plan established during the war the bill permits a credit of \$1.75 per diem.

The fourth title, allowing paid-up insurance under certain conditions will make it possible, for men who desire it to carry on the insurance already taken out in the Bureau of War Risk Insurance. It is believed this will be one of the most attractive of the four options and that it will be chosen by many men in preference to a cash bonus.

Republicans of the Ways and Means Committee are proud of the way they have worked out the soldier relief legislation from the six odd measures presented to Congress. They think it will meet the wishes of all classes of service men. Final agreement has not been reached on the revenue provisions. In all probability the proposed tax of one-half of 1 per cent. on gross sales of concerns with more than \$200 business per month will be retained.

THREE THOUSAND LICENSED DOGS IN COUNTY

According to the records in County Treasurer Rumberger's office, there are approximately three thousand licensed dogs in Clearfield county, upon which their owners have paid the necessary tax for 1920.

In 1918, the first year the present law was in effect, 4,800 dog licenses were taken out in the county. In 1919 the number fell off to 2,900 and thus far this year there have been a few more than 3,000 licenses issued.

During the past week more than 500 licenses were issued and the returns are far from all in from the different districts. The State Agricultural Department and State Game Commission propose to make every constable obey the law and get tax or the dog in every case, with prosecution for the dog owner attempts to evade the law.

White House Hopes

James M. Cox

OHIO GOVERNOR WAS A PRINTER'S DEVIL

1870—Born at Jacksonburg, Ohio.
1889—Reported devil on a Dayton paper.
1898—Bought Dayton Daily News.
1903—Bought Springfield paper and formed News League of Ohio.
1909—Began first of two terms in Congress.
1913—Governor of Ohio.
1915—Defeated for governor by Frank B. Willis.
1917—Defeated Willis and began second term as governor.
1919—Began third term as governor.
1920—Mentioned as Democratic Presidential possibility.

Men call "Jimmy" Cox, Ohio's three-time governor, a "regular fellow."

He can tell a good story and appreciates hearing one. He is a fair whist player who enjoys the game most when he wins. He is an engaging conversationalist.

But above all, James M. Cox likes the outdoors. He is an enthusiastic fisherman and hunter. When he is in Dayton, almost any morning, he may be seen at sunrise taking a brisk canter over country roads near his farm, alone or accompanied by Mrs. Cox and James Jr. When in Columbus, he tries to get in a round or so of golf every afternoon.

For several years he has spent his summers at a cottage in northern

(Continued on Page Three)

POPULAR CLEARFIELD COUPLE MARRIED

Edward Leitzinger and Miss Mary Shirey surprised their host of friends by slipping quietly up to St. Francis parsonage at 6:30 o'clock last evening and having Rev. Father M. A. Ryan say the words which united them in the holy bonds of wedlock. The attendants were Miss Genella Shirey, sister of the bride and Frederick Leitzinger, brother of the groom.

The bride was attired in a dark blue serge traveling suit, with hat to match. The bridesmaid also wore a dark blue suit.

The happy couple are among Clearfield's best known and most popular young people and The Progress joins with their host of friends in wishing them a long and happy wedded life.

The bride is the daughter of Mr. and Mrs. Lemuel Shirey of Lawrence township and possesses all the gifts and graces necessary in the making of a fitting helpmate. The groom is the second son of Mr. and Mrs. John F. Leitzinger and is a valued employee of Leitzinger Bros. He served with the Twenty-third Engineers overseas and is a popular, bustling young business man.

Following the ceremony the wedding party journeyed to Tyrone by auto where they took a main line train for a trip to Philadelphia, New York and Atlantic City.

INDIANA COUNTY MAN IS KILLED BY OWN BURGLAR TRAP

John Blakely, Jr., a well known farmer of Bullington township, Indiana county, was killed early Sunday by a trap he had set for thieves.

Within recent weeks the granary of the Blakely farm near Dilltown, had been robbed several times. Saturday night Mr. Blakely placed a loaded shotgun inside the granary, the muzzle pointed at the doorway, and so arranged that it would fire when the door was opened. He apparently forgot the trap he had fixed, and about 7:30 Sunday morning went to the granary and opened the door. The charge struck him full in the breast and he lived less than half an hour.

The deceased, who was 25 years of age, leaves his father, mother, two sisters and two brothers.

A. M. Liveright is transacting business in Indiana this week.

Charles Livingston left today for Coshocton, Ohio, where he has accepted a position.

ALLIES REPLY TO WILSON ON TURKISH PEACE

Inter-Allied Conflab At San Remo Devotes First Session To Reply To President's Note

FRANCE WANTS OCCUPATION

SAN REMO, April 19.—At the end of the first day of its deliberation, the inter-allied supreme court drafted a reply to President Wilson's recent note on the Turkish peace treaty to certain clauses of which the President had objected. Further discussion of the Turkish settlement is pending Mr. Wilson's reply. The note, it is understood, complains that American non-representation at the San Remo conference is delaying the Turkish settlement. It asserts that America's assent is necessary to render the treaty operative.

Premier Millerand spent the day, it is understood, trying to impress upon his British and Italian conferees, the necessity of adopting a united, firm front toward Germany, especially on the question of that country's disarmament under the Versailles treaty. Millerand expressed the fear that by the time expert reports are examined, the conference will break up without reaching an agreement upon the future attitude of the allies towards Germany. The latter, he insists, will be encouraged into further temporizing as to fulfillment of vital clauses of the Versailles pact.

Premier Lloyd George and Nitti, on the other hand, are seeking to impress the French premier with the necessity of France agreeing that co-ercing of Germany, by cutting off supplies, and not by military action, is the proper solution. In reply to those arguments, Millerand is said to have asserted the advisability of crushing any prospects of reviving of junkerism by strong armed forces.

In spite of secrecy in regard to the confidential conference between Premier Nitti and George, prior to Millerand's arrival, the question as to what the two discussed was a subject of much speculation here.

Marshal Foch has not put in an appearance as yet, but the military element is much in evidence at Premier Millerand's headquarters.

Premier Millerand is reported to have suggested to Premier Lloyd George that France, England and Belgium jointly occupy the German Ruhr district to insure German coal deliveries if the reichswehr refuse to evacuate that zone. The French premier is said to have taken the stand that a blockade of Germany would give rise to objections on the ground it was "not humane."

Johnson at San Remo Robert Underwood Johnson, the new American ambassador to Italy, who stopped off here on his way from Paris to Rome, declared that President Wilson will protest against the proposal for the partition of Albania and also against the cession of Scutari to Jugoslavia.

When Mr. Johnson arrived here Saturday night, reports became current that he would participate in the supreme council meeting, but he explained that his presence was due to railway strike troubles which made it necessary for him to pass through San Remo. He had planned to take the Modane route, but the tie-up of traffic compelled him to take the Southern route. He left Sunday night.

Up to the last minute Mr. Johnson had expected to represent the United States at the meeting, but received no instructions from Washington. He told friends that instructions may be awaiting him at the American embassy at Rome and that he might return to participate as an observer without taking an active part in the deliberations.

APPOINTED CENSUS ENUMERATORS

The "powers that be" Democratically speaking have appointed Ed. C. Bowman, of Clearfield, and James F. Dunn, of DuBois, to take the industrial census of Clearfield county. The new enumerators took up their duties yesterday and are starting in on Clearfield.

This census will embrace all manufacturing establishments with an output valued at \$500 and over during last year.

FIREMEN ASK FOR ADDITIONAL EQUIPMENT

Request Council To Authorize \$30,000 Bond Issue For Pump, Chemical Truck, Etc

BEGIN THIRD STREET PAVING

The regular meeting of council at the borough building last evening was attended by the following members of council: President of council Fletcher, Graham, McFarland, Jay, Rosser, Williams, Gilliland, McClekey. Burgess Chase was also present.

The principal topic under discussion during the evening was the matter of the improvement of Third street. The Pennsylvania Railroad Company has not yet notified council as to what they propose to do in this matter and of course that adds somewhat to the difficulty of the situation. Chairman Rosser of the Highway department recommended that the curbs and gutters be constructed and council directed that this be done.

Borough Engineer Ross reported progress on the matter of estimates for alley paving and the paving of South Fourth street and Oakley avenue.

Borough Solicitor Urey reported that the Public Service Commission had fixed May 5th for hearing of complaints against Bell Telephone rate increases. The hearing will be held in Harrisburg. No time had been set for the hearing in the B. & C. Telephone Co. case and the solicitor gave it as his opinion that this hearing would be held in Clearfield.

The following request for new equipment was presented to council by the Fire department:

April 16, 1920
Otis Knepp
Chief Fire Dept.
Clearfield, Pa.

At a special meeting of the Clearfield Fire Dept. held this day the following motion was made and passed: Resolved, that the department executive committee proceed to go before council and request a bond issue of \$30,000 to purchase fire equipment as follows: 1 triple combination pump, chemical and hose truck, motor driven; 1 hose and chemical truck, motor driven; 1 chemical truck, motor driven; 5000 feet hose; 5 dozen rubber coats; 5 dozen firemen's hats; 6 high pressure nozzles. Also that council consider motorizing the present steam pumper with LaFrance tractor.

Very truly yours,
A. F. Spangler, Sec.
Clearfield Fire Dept.

The request was presented by Messrs. Fargo, Krebs and Spangler of the Executive Committee. After considerable discussion the request was laid upon the table indefinitely, it being the unanimous opinion of council that the borough finances precluded any thought of such expenditure at this time.

The Highway department reported that they were arranging to take care of the garbage situation by the erection of a garbage incinerator or kiln on the lot belonging to the borough along the Guinea Hill road. The incinerator which will be of ample size to accommodate a town such as ours and a man will be in charge to look after same and keep the garbage burned up and the place sanitary.

A committee of citizens of Lawrence township was present for the purpose of finding out how to proceed to have their section of town taken into the borough. They were given the necessary information by Borough Solicitor Urey.

Dr. J. M. Quigley of the Board of Health, who was present strongly urged the extension of the borough limits as a public health measure saying: "a great majority of our contagious diseases and generally unhealthy conditions originate and are traceable to unsanitary conditions just at the edge of the borough in several different sections, with the local board of health powerless to interfere."

Mrs. M. F. Kar-Letter and Mrs. George Sawallo, of Curwensville, were shopping in our stores today.

J. E. Fry, of DuBois, was a business caller in town today.

EVERY CENT RETURNED TO YOU

Every cent which you may lay out for wiring your home for Electric Service will come back to you a dozenfold in improved comfort and convenience and additional happiness.

More Money If You Sell

And if you sell or rent your home you will find the cost of wiring more than offset by the increased selling price or the larger rental. Think it over. Can you afford to be without Electric Convenience?

Wire For Electricity Today

Let us send our contract for you to sign today so that you may begin to enjoy the many benefits of Electricity at once. You will never regret the day you arrange for Electric Service in your home.

A phone call will bring our representative to your home—his services are free.

STATE COLLEGE TO LIMIT FRESHMAN CLASS TO 750

Officials Predict That 1000 Applicants Will Have to be Turned Away Next Fall.

STATE COLLEGE, Pa., April 19.—Only 750 new students can be admitted to the Freshman class at Penn State next September, according to an announcement here today by Dr. Edwin E. Sparks, president of the college. This action has been taken by the board of trustees, in view of the fact that the college is now crowded beyond capacity with almost 3000 four-year course students.

"As a matter of fact," says Dr. Sparks, "Penn State could well afford to refrain from taking any new students next year, from the standpoint of existing facilities. We now have 813 Juniors, exactly the same number of Sophomores, and 856 Freshmen. Next year, that total of 2482 students would mean comfortable conditions for the college, without admitting more. But we cannot overlook the fact that thousands of Pennsylvania boys and girls are clamoring for a higher education, and this being a tax-supported institution, we must admit as many as possible."

CUT THIS OUT—IT IS WORTH MONEY

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar, or coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels.

DID YOU LOSE AN AUTO TRUCK?

Burgess John M. Chase has a perfectly decent auto truck on his hands as an asset or liability of the borough until the owner is found. The truck—an International—was abandoned on Nichol street some time Friday evening, April 19th, and was picked up as a vagrant by direction of the Burgess and is now impounded in the borough tool shed, awaiting the owner.

COULD NOT STAND STRAIGHT

It does not take long, when the kidneys are out of order and are not doing their work properly, for poisonous acids to accumulate in the system and cause aches and pains. D. C. Diamond, 2865 W. 30th St., Cleveland, O., writes: "I caught cold and it settled in my kidneys. My back and sides were so lame and sore I could not stand straight. I used Foley Kidney Pills with good result and am glad to testify to their helping power."

GOES TO CALIFORNIA

Fred J. Barrett, a former Clearfield boy, who went to Akron, Ohio, following his return from overseas service with the A. E. F., has been sent to California, to take charge of a department in a plant of the Good-year Rubber company. Fred's many local friends will be pleased to learn of his advancement.

LETTER FROM MRS. BRUCE

Tells Remarkable Story of Sickness and Recovery.

Brookburg, Ind.—"When I was a young girl I clerked in my father's store and lifted heavy boxes which caused displacement and I suffered greatly. I was married at the age of eighteen and went to a doctor about my trouble and he said if I had a child I would be all right. After three years twins came to us and I did get all right but three years later a baby boy came and I was troubled again. I could scarcely do any work at all and suffered for four years. A neighbor told me about Lydia E. Pinkham's Vegetable Compound and I took it for a year or more. Now I have a baby girl and do not have any female trouble. You can do anything you like with my letter to help others.—Mrs. J. M. Bruce, R. F. D. 3, Brookburg, Ind.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—see tell the truth else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

BOYS AGAIN

There is something so delightful in smooth taste and coolness of a good pure ice cream and accompanied by the crisp cone that men, women and children meet on a common plane of enjoyment. It is one food that adults enjoy and thrive on in equal measure with the children.

White House Hopes

Continued from Page One.

Michigna, where, with his entire family, he allows nothing to distract from his enjoyment of the outdoors. In season many a field in Kentucky, Tennessee and Alabama have known his presence and everywhere he has hunted his favorite dog Tom has become a crony of the natives.

His love of hunting is in reality a love of hunting dogs. Nothing in recent years has grieved him like the death of old Tom, run down and killed by an automobile a few weeks ago.

Cox believes his ability to forget work and take rest and recreation is his greatest asset. When applying himself at his office, the governor drives with endless energy, but works without friction. He will not be stampeded into a quick decision, although his judgments are formed quickly and then promptly executed.

Governor Cox was 50 years old two weeks ago. He is robust, weighs about 165 pounds and is stockily built.

Cox was developed in the hard school of experience. His early education he got in the public schools. When quite young he started to work as a printer's devil, then taught school, became a newspaper reporter, was private secretary to a congressman, a congressman for two terms, became editor and owner of two Ohio daily newspapers, and finally was elected governor. His third term as governor will end in 1921.

Cox was born on a farm near Jacksonburg, Ohio, a few miles from Dayton. He spent his youth working on the farm and attending school near his home. As he grew older, he like other boys of the neighborhood, went to seek his fortune.

He obtained employment from time to time on Dayton and Cincinnati newspapers, as printer's devil. Later he became a reporter and copy reader on the Enquirer, Cincinnati.

In 1898 Cox bought the Dayton News. In 1903 he bought the Springfield Press-Republic, forming later the Springfield News. These two papers now constitute the News League of Ohio of which Cox is owner and editorial director.

Cox represented the Third Ohio district in Congress from 1909 to 1913. In the latter year he began his first term of governor, his election as a democrat having been hailed by republicans as an "accident". In 1915 he was defeated for re-election by Frank B. Willis, republican. In 1917, however, Cox came back strong and won the election over Willis. In 1919 he was again elected for a two-year term.

Cox had barely assumed the duties of Governor in 1913 when the great floods of that spring inundated Dayton and the valleys of the Miami and Scioto. The man who dominated the situation following the floods was Cox. He assumed complete charge, declared martial law, and in three days, during which he never left his office, started the wheels of relief moving and had rehabilitation under way.

During that series of disasters, Cox was "chief magistrate, commander-in-chief, head of the life-saving service, provider of food and clothing, principal health officer, severest disciplinarian, hardest worker, most hopeful prophet, sanest counselor, kindest philanthropist and most accurate reporter," according to a contemporary editorial writer.

Indicative of Cox's management of affairs in Ohio was his action in removing the Mayor of Canton, a Democrat, and his substitution for him of a Republican Mayor.

There was a strike of mill workers at Canton. Operators attempted to resume work in the face of the strike and considerable disorder followed. The governor issued a proclamation calling on local officials in all the cities and counties to do their full duty to preserve order and prevent outbreaks. He told them violation of the law on the part of either the strikers or mill owners would not be tolerated and announced he would hold the local officials to strict accountability.

Disorder continued at Canton. City officials, citizens and mill owners asked the governor to send in state troops. Cox replied by removing the mayor and ordering the mobilization of the national guard to support the new mayor, but refusing to send the troops to Canton. Peace was restored.

"Jim Cox was one of the first governors in the nation to go after profiteering. Long before any definite stand was taken by federal authorities, Cox announced he would run down and prosecute every man found booting unably the cost of food-tuffs and life necessities. The campaign in Ohio became of national importance, several other governors following suit.

Governor Cox sponsored and secured passage of the Ohio workmen's compensation act which only recently was approved by King Albert of Bel-

gium as a model for the world. This act eliminated all the major reasons for conflict between employer and employee by guaranteeing injured workmen and dependents of those who lost their lives in line of duty, a sufficient indemnity by automatic action by the state.

Other things accomplished by Governor Cox during his three terms are child labor laws that have been copied by other states; a mother's pension system; initiative and referendum; a scientific budget system; a prison farm to provide healthy occupation for convicts; elimination of sweat shops; a "blue sky" law to protect Ohio investors;

PUNXSU MAN IS FOUND HANG- ING NEAR FAIRGROUNDS

Lying in a small woods copse in the big plot devoted to pasturage just north of the fairgrounds, the body of James Groves, a well-known resident of the West End, was found at noon Sunday by Earl Lundy and Dewitt Drummond, boys who had been playing in that section. County Coroner N. C. Mills, who investigated the death, declared that death was due to suicide, and that it had occurred about a week ago, says the Punxsutawney Spirit. He was 37 years of age and unmarried.

Miss Annie Griffin has returned to Rochester, N. Y., having been called here on account of the death of her brother Daniel Griffin.

TWO CIVIL WAR VETERANS DIES

D. M. Spencer, one of Houtzdale's oldest and most respected citizens, died at the home of his son in that place on Sunday last. The deceased was a veteran of the Civil war.

John Bratton, one of the best known and most highly respected residents of Osceola Mills, died at his home in that place on Tuesday, April 6th, 1935, aged 73 years. His death was caused by hardening of the arteries and heart trouble, and is deeply mourned by the entire community and by a wide circle of friends. He was a civil war veteran.

Born to Mr. and Mrs. Ed. Williams at their home on Reed street last evening, a son.

Mrs. Florence Markle, of Altoona, is the guest of Miss Mabel Brown at her home on Fourth street.

GIVEN UP TO DIE OF STOMACH TROUBLE

But Mr. Baker is well now. Feels like he did at sixteen.

"One year ago in September I was taken down couldn't eat, sleep or work. The doctors didn't know exactly what was the matter. Some said I had catarrhal gastritis, and others, cancer. Anyway, I was given up to die. A friend persuaded me to try Milk's Emulsion. In 2 or 3 weeks, the soreness went out of my lungs, the pains vanished from between my shoulders, and I began to eat and sleep. Also the miserable long-some feeling began to tear loose and that heavy weight in the left side of my stomach, that hung like a huge iron ball, disappeared. By the time I had taken 21 bottles, I could eat anything, sleep like an infant, and the old time vim came back. I felt like I did when I was 16. Lyman Baker, Star Route, Berryville, Ark. Get the stomach and bowels working right, and most ailments start to leave. Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickens the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children. No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere. Guaranteed by Stewart's Drug Store.

Mr. and Mrs. A. L. Garce, of Toronto, Ohio, are stopping at the Presbyterian manse. About fifteen weeks ago Mrs. Garce fell and broke a bone in one of her limbs between the ankle and knee and so severe was the break that she has been unable to leave her bed since that time.

**EAT LESS MEAT
IF BACK HURTS**
Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Vannie Caldwell left for Pittsburgh yesterday where he has been engaged by Curwensville parties to take down and pack up some store fixtures, mostly glass, which had been purchased in that city and will be brought to Clearfield and installed in one of the clothing stores of that town.

Chief of Police Clark went to Williamsport last Friday to serve some official papers on parties residing in that city. He returned home on Saturday forenoon, coming in from DuBois on a "shifter," he missing the regular passenger train by the "skin of his teeth."

Within the past few days the mines and other industries hereabouts have had no trouble in securing all the cars necessary with which to out-load their product. The fear that some of the industries would be compelled to shut down their works this week on account of car shortage, has been swept away, and the workmen are highly pleased that they will be able to work almost full time from now on. During the last week it looked pretty blue around here so far as getting in cars was concerned, but judging from the strike situation yesterday, cars can be obtained in plenty for the asking.

Now that the main streets have been thoroughly cleansed and washed from dirt and filth, it behooves every citizen in this town to see that a general clean-up is made around his property, and thereby assisting in putting the town, generally speaking, in a first-class healthy condition. A clean-up does not amount to a great deal where only a few or a part of the population observe the common rule of cleanliness. To have any effect it must be a concentrated movement of all the people, be they the owner or merely a renter of property. Good health is just as essential to a man and his little ones who rents as to the one who owns his property. Therefore, all should join in a general cleaning up.

Last Friday evening one of the most pleasant events, socially, came off at the Presbyterian church when about twenty-five or thirty Boy Scouts entertained their fathers at a banquet, and the program as carried out, together with the royal good time both father and son enjoyed will ever remain a pleasant epoch in the history of Curwensville scoutism. The first number on the program was the pledge of allegiance of the Scouts which was immediately followed by an invocation by Rev. Father Lynch, who is a firm friend of the Boy Scout movement in Curwensville first, last and all the time. A six course ban-

quet followed which consumed more than an hour of time, more than sixty persons partaking thereof. Oh, but it was a grand sight to see how those boys did eat, and every once in a while one or two would be noticed letting out a notch in his belt, in order to consume as much of the good things as possible. Did everybody enjoy that banquet? Ask of the wild, wild winds, and be satisfied that they did. After the inner man had been satisfied and stuffed like a turkey for a Thanksgiving dinner, Rev. B. H. Connelly, who acted as toastmaster, arose and announced that the program would now be resumed. The first toast "The Scout," by William Kettleberger, was rendered in a manner which brought him loud applause at its conclusion. The response, "The Father," by Ralph Johnston, was a theme which created much interest, and showed to the fathers present that they should back up the Scout movement for all they are worth, and thus encourage their sons to go forward with the good work with which they had already connected themselves. Demonstrations were then given in semaphore signaling by Scouts Forey and Knepp, and their work was well executed and praised by those who sat and followed their movements closely; following on the heels of this Scouts Cross and LaPorte went thru the wigwag signaling manual and Father learned another lesson in the ways of intelligent communication when Scouts are separated by a distance and wish to convey a message to one another. The first aid team then took the floor composed of Scouts Cross, Wrigley, and LaPorte. They demonstrated in a rapid and masterly manner the methods used in rendering first aid in case of a broken leg and in making of a stretcher by knotting coats together, giving an exhibition of all the holds and of carrying injured persons a distance after administering first aid. Their work was interesting and more of it would have been given had not the time been so short. Rev. Collins, of the M. E. church, was called upon who gave a gratifying and interesting talk on the advantages to be derived from following out the teachings and instructions as laid down for the guidance of the Boy Scout movement in America. William H. Weishert, field executive of Boy Scout, of Pittsburgh, was then called for, and arising without hesitation, started his address by a line of talk which pleased his audience greatly. While he doped out Boy Scout talk, good and plenty, he intermingled his saying with enough witticisms to keep the attention of the boys in the right line and at the same time make them understand that they were engaged in a great work and that they should not once falter in the line of duty no matter how hard or difficult it was to perform. He strongly advised the Curwensville Scouts to keep on the firing line at all times, faithfully perform all obligations imposed upon them, live good, clean lives, and as they grew into manhood they would be the bulwark of their nation's defense in time of trouble. His talk all the way along was of the common sense variety, and the language used was not beyond the grasp of the youngest Scout present. He was followed by Messrs. Rev. Father Lynch, M. J. McKinley and Prof. Shields, all three of whom gave valuable hints as to the life a good Scout should live; letting their light so shine that their presence in any community would be felt for good, not only to themselves but by all persons with whom they came in contact. The program for the evening came to an end by a demonstration of wireless, the operator getting in touch with a station at Arlington Heights near Washington, D. C. The McKinley orchestra was present and furnished excellent music during the whole evening, which contributed greatly to the pleasure of all those in the room. Messrs. Rev. Connelly, Daniel Irvin and M. J. McKinley, compose a council who are looking after the interests of the Scout patrols in Curwensville and these three gentlemen are taking a great interest in the boys and their work, which is a sure indication that the Scouts will have a busy summer. Too much praise and credit cannot be given to the Ladies Aid Society of the Presbyterian church for the manner in which this banquet was gotten together and served and to the gentlemen waiters Messrs. Maxwell, Ammerman, Santee, Kantar and Murray, who saw to it that none left the table who had not been amply well filled to the top with the good things set before them. It was a great night for the Boy Scouts and their fathers, there is no mistake, and the time will seem long to them before the time rolls around for the holding of another gathering and banquet.

Miss Bailey of Philpburg, was the guest of Mrs. J. P. Irvin over Sunday.

Robert Avenill, of Pittsburgh, was a visitor at the Presbyterian manse, the guest of Rev. and Mrs. Connelly last Friday.

The Unlaid Eggs

The grain-fed hen usually carries a number of unlaid eggs—yolks which she cannot complete into eggs and lay, because her feed lacks the necessary white-forming nutrients. (That's why egg-yolks are found in a hen, when it is dressed.) Many of these yolks of unfinished eggs are finally absorbed back into the hen's system.

Missouri Experiment Station tests showed that 100 lbs. of wheat, corn, oats, barley and kafir corn make (above bodily maintenance) an average of 224 yolks and only 154 whites. Based on data from the same experiments, Purina formulas reduce, (above bodily maintenance) as follows:—

	Yolks	Whites
Purina Scratch Feed	247.49	142.11
Purina Chicken Chowder	182.05	282.55
Combined Ration	429.54	424.66

These feeds, used in combination, form the most perfectly balanced and economical egg producer you can buy. Purina Chicken Chowder is the egg-completing ration containing exactly the right feed elements to make the necessary whites. That's why we can positively guarantee

More eggs or money back

on Purina Chicken Chowder if fed with Purina Scratch Feed or directed. You take no risk.

DOUGHNUTS and CRULLERS

From the NEW ROYAL COOK BOOK

DOUGHNUTS made by the doughboy happy during the war and no wonder. There is nothing more wholesome and delightful than doughnuts or crullers rightly made. Their rich, golden color and appetizing aroma will create an appetite quicker than anything else in the world.

Here are the famous doughnut and cruller recipes from the New Royal Cook Book.

Doughnuts
3 tablespoons shortening
2 cups sugar
2 eggs
1 cup milk
1 teaspoon nutmeg
1 teaspoon salt
1 cup flour
4 cups Royal Baking Powder
Cream shortening; add sugar and yolk of egg; stir in milk; add nutmeg, salt, flour and baking powder, which have been sifted together and enough additional flour to make dough stiff enough to roll. Roll out on floured board to about 1/4 inch thick; cut out 1 1/2 inch fat hot enough to brown a piece of bread in 30 seconds. Drain on ungreased paper and sprinkle with powdered sugar.

Afternoon Tea Doughnuts
2 eggs
6 tablespoons sugar
1/2 teaspoon salt
1/2 cup sifted nutmeg

ROYAL BAKING POWDER

Absolutely Pure

2 tablespoons shortening
1 cup sugar
2 cups flour
2 eggs
1 teaspoon Royal Baking Powder
Beat eggs until very light; add sugar, salt, nutmeg and melted shortening; add milk and flour and baking powder which have been sifted together; mix well. Drop by teaspoon into deep hot fat and fry until brown. Drain well on ungreased paper and sprinkle lightly with powdered sugar.

Crullers
4 tablespoons shortening
1 cup sugar
2 eggs
3 cups flour
1 teaspoon cinnamon
1/2 teaspoon salt
3 teaspoons Royal Baking Powder
Cream shortening; add sugar gradually and beat eggs; sift together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about 1/4 inch thick and cut into strips about 4 inches long and 1/4 inch wide; roll in hands and twist each strip and bring ends together. Fry in deep hot fat. Drain and roll in powdered sugar.

**COBURN'S MINSTRELS**

"Not the largest, but one of the best," is said of J. A. Coburn's Minstrels, by those who enjoy bright, clean comedy, fine music and all that makes good minstrelsy. Among the oldest attractions now enroute by honest effort and delivery of irreproachable amusement, they have attained a popularity second to none. Year after year, with an entire new performance each season, new people and new ideas demanding ability and gentility of its members, it has become a household word in its line. The announcement of their appearance at the Driggs Theatre on Thursday evening, with what is said to be the best production ever carried by Manager Coburn in point of magnificence and completeness, is an assurance of your money's worth and all that is possible in modern and old-time minstrel enjoyment and excellence. It's the show you know the show you enjoy, which keeps faith and is ever welcome.

WITH FINGERS!**CORNS LIFT OUT**

Freezone is magic! Corns and calluses lift right off—
Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

Abe Shapiro spent the week end with friends in Pittsburgh.

**TURN HAIR DARK
WITH SAGE TEA**

Grandma kept her locks dark, glossy and youthful with a simple mixture of Sage Tea and Sulphur

The oldtime mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mossy mixture at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft

Mu-Col Quickly Defeats Deadly Catarrh Germs

Says Mu-col Makes Miserable, Despondent Catarrh Sufferers Well Again in Short Time at Trifling Cost.

Here is the only sure way to get rid of catarrh, with all its obnoxious symptoms: Go to your druggist today and say "I want a small package of MU-COL." Dissolve half a teaspoonful in a teaspoonful of warm water and stir till dissolved. Then, by -ruffling up from the palm of the hand or by using nasal douche or atomizer, allow the MU-COL solution to come into contact with the infected membranes. Almost instantly you will feel the effect, as its penetrating antiseptic properties are carried into every nook and crevice of the mucous membrane where the germs thrive and multiply, loosening up the congestion and accumulated secretions, which if not attended to now, will eventually threaten the existence of the membranes themselves. All good druggists can supply you.

MARRIAGE LICENSES

George Laing and Halfena Evans, both of Glen Richey.
Rueben L. Fegan, of Indiana, and Bertha Tilinsky, of Rosebud.
Charles Carmonick and Annie Yawoski, both of Irvona.
Russell McFadden and Jane Rainey, both of Ladose.
Lewis William Fowler, of Madera, and Flora Miller, of Ramey.
Earl Walker, of Indiana county, and Vivian Brown, of Cherry Tree.

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Clearfield Progress.

OH MY BUNION

CALLUS CORN SOFT CORN

HARD CORN

End The Agony and Torture

From Corns, Callouses,

and Bunions with

CORN "FIX"

the wonderful new discovery for corns, callouses and bunions. The pain stops with the very first drop. In 10 minutes the corn may be easily removed. Expert Chiropodist's use the same method. Many of them use Corn "FIX".

Corn "FIX" contains no ether, colodion, salicylic acid, or other harmful ingredients to eat the good flesh and make the foot sore. No more extended treatments for several days and nights; no more soaking or "cooking" the feet necessary. In 10 minutes the corn is gone—so is the pain. Corn "FIX" is quicker, safer and different.

Don't suffer another minute! Corn "FIX" is wonderful and will surely help you. If your dealer cannot supply you send us 35c in stamps and we will mail you a bottle direct from our laboratory. Your money refunded if you are not satisfied.

CORN FIX CO., Inc., Newark, N. J.

Gossip for Tonight's Tea Table

Old Doc Stork lit in Plymptonville on Saturday night and as a result Raymond Rowles is pretty chesty. It's a fine eight pound boy.

Mother and son are doing fine but in view of the fact that it's Raymond's first experience, he's fairly wild as yet.

Miss Betty Dunlap of Olanda, spent yesterday with her Clearfield friends. Mrs. Will Kurtz left today to visit with relatives and friends in Lewisburg.

Harry Evans who has been confined to his home on West Front street is able to be about again. Dr. H. H. Lewis of Surveyor transacted business in town today.

Miss Clara Bernard spent yesterday with friends in DuBois.

Mrs. Earl Thorn and daughter Gladys have returned from spending a few days with Mrs. Thorn's parents in Houtzdale.

Webb Shillingford is in Philadelphia transacting business.

H. B. Gaulin left today to attend to business in Philadelphia.

Mrs. L. D. McDowell of Snow Shoe, who underwent a serious operation at the Clearfield hospital, is getting along nicely.

Mr. and Mrs. John H. Moore, Mr. and Mrs. C. T. Hile, Mr. and Mrs. Harry Knepp and Mr. and Mrs. Isenbeig and McGees Mills left this morning for Saginaw, Michigan, and will spend a couple of days in Pittsburgh on their way home.

Mrs. D. W. Speck is spending a few days with friends in Philadelphia.

Miss Bernice LaBord, of Curwensville, was shopping in town today.

SALVATION ARMY DRIVE LAUNCHED

Executive Committee to Meet Wednesday Night.

The Executive Committee on the Salvation Army Drive will meet on Wednesday night, April 21st, at 8:15 p. m., at the office of the Chairman, Mr. E. W. Hess, preparatory to launching the Drive.

The following named persons are members of the Executive Committee: W. I. Betts, Albert Bigler, Earl Shirey, James Mitchell, Jr., G. A. Stewart, John Arnold, Amos Rumberger, A. M. Gorman, J. B. Neveling, George E. Zerfoss, Edward T. Kelley, Edgar Westcott, John M. Chase, John M. Bain, Cecil Wilson, J. F. Chase, Hobart Callahan and Ralph Jordan.

OPERATORS AND MINERS MEET

NEW YORK, April 20—The joint scale sub-committee of the miners and operators of the Central Pennsylvania bituminous coal field met here today. The anthracite sub-committee will resume discussion late today.

PITTSBURGH TEACHERS GET INCREASE

PITTSBURGH, April 20—A flat increase of \$43.20 a month was granted Pittsburgh public school teachers by the Board of Public Education today. The increase is retroactive from January 5, 1920.

HUNTINGDON POSTOFFICE ROBBED

HUNTINGDON, April 20—Cracksmen early today dynamited the post office vault in the federal building here and escaped with cash, thrift and war saving stamps and registered letters. The value of the loot is unknown.

WANTED—To buy a small cash register. Address A. M. W., care Progress. A20-24-ch

SULPHUR IS BEST TO CLEAR UP UGLY BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

Rattles from 25c to \$1.00
Bubble Sets from 50c to \$1.00
Ribbon Bows \$1.25 to \$2.50
Ivory Toilet Sets at 75c to \$3.50
Bib Holders at 75c
Carriage Straps from \$1.25 to \$1.50
Stockennette Dolls at \$2.00

A. W. Leonardson & Co.

War Scarcity Still Prevails In Telephone Equipment

Have you considered the terrific increase in materials that enter into our business, due to the late war?

Thousands—we might say millions—of miles of wire, thousands of 'phone instruments and a myriad of the little things used in a well regulated telephone system, were needed in France to make your home a safe place in which to live over here.

That produced a scarcity; the scarcity shot prices to unprecedented levels, which are still maintained.

In fact,———

The cost of everything that enters into your 'phone service has increased, yet the rates have remained stationary.

In simple justice—Is it fair?

The Huntingdon & Clearfield Telephone Company

"OUTLAW STRIKE" ENDS AT CHICAGO TOMORROW MAINTAINANCE OF WAY MEN TO QUIT APRIL 28TH

**WILL WALK OUT AS INDIVIDUALS UNLESS
WAGE DEMANDS ARE RECOGNIZED:
WANT \$1.00 PER DAY INCREASE**

SETTLEMENT WITH LABOR BOARD

WASHINGTON, April 20—President Wilson and his cabinet today discussed the railroad strike and reviewed measures passed during the past week. Following the meeting cabinet members expressed satisfaction with the government's course. Settlement of the strike will be left in the hands of the labor board. All members of the cabinet were present with the exception of Secretary of Commerce Alexander who is in St. Louis. The President presided at the meeting which was held in his study and which lasted an hour and a quarter.

CHICAGO, April 20—Maintenance of way employees who threatened a nation wide strike last February will walk out individually April 28, unless their wage demands are recognized leaders here declared today. E. B. Grable, Detroit, president of the organization has sent a petition to President Wilson for a tentative increase of \$1.00 a day with time and a half for overtime.

PITTSBURGH, April 20—Congested freight in this district was being pried loose as every railroad entering Pittsburgh reported improvement in the strike situation today. Men in the Pennsylvania yards were returning in this section while other railroads considered their strike answer. The freight embargo still was in effect but many exceptions are being made and perishable food is being moved normally. Passenger service on all lines was operating without inconvenience to traffic. The Pennsylvania was maintaining a schedule of 94.8. The B. & O. was operating normally while the Pittsburgh & Lake Erie was making rapid strides. Freight movement on all of the railroads here was the best since the strike began. At Pitsburgh the Pennsylvania moved 1,061 cars while at Conway 764 were moved. The B. & O. dispatched 500 freight cars with the return of 300 men. The P. & L. E. was attempting to relieve the freight congestion on all railroads today. Through passenger trains were being operated on all of the Pennsylvania lines east today.

WASHINGTON, April 20—Chiefs of the established railroad unions today appeared before the railroad wage labor board to present arguments supporting their demands for a wage increase totalling \$1,000,000 annually for two million workers including the "outlaw" strikers. Meanwhile chiefs of the newly organized "outlaw" unions were also here to prepare a statement to deal with the board. Ed. McHugh, representing the Jersey City strikers said they would not return to work until assurances were received that the board would give immediate attention to their case.

NEW YORK, April 20—Railroads in the New York district today reported approximately 70 per cent. of the strikers back on their jobs. Passenger service was said to be 90 per cent. normal and freight service more than 25 per cent. normal. The railroad managers association issued a statement declaring the strike broken and promised entirely normal conditions in both the freight and passenger service by May 1.

CHICAGO, April 20—The "outlaw" railroad strike will end tomorrow the chairman of the yard men's association announced today. Twenty-five additional warrants charging violation of the Lever Act have been issued against strike leaders.

KANSAS NEGRO LYNCHED

PITTSBURGH, Kansas, April 20—An unidentified negro tramp was lynched in Mulberry last night by a mob who literally tore the small town jail to pieces. The negro was charged with assaulting Sylvia Brown in the country about two miles from Mulberry. The negro was captured soon after the assault. The girl was taken to the jail and identified him. The mob hanged the negro to a telegraph pole.

JUDGE KUNKLE FIRST ON BALLOT

HARRISBURG, April 20—Judge George Kunkle, of Dauphin county court today won first place on the primary ballot, over Sylvester Sadler from Carlisle, in the race for the Supreme Court. The drawing took place in the office of the Secretary of the Commonwealth.

AUSTIN HANEY'S FUNERAL

The funeral of the late ex-County Commissioner Austin Haney will be held from the Haney home on Turnpike avenue tomorrow afternoon at 2

o'clock. The services will be in charge of Rev. C. C. Snively, of the West Side Methodist church and interment will be made in Hillcrest cemetery.

STOCKS RANGE LOWER

NEW YORK, April 20.—Prices were generally lower on the stock market opening today. Studebaker opened at 117 1/4 off 1/4, American Locomotive at 104 1/2, unchanged, American Woolen at 127 off 1, United States Rubber at 106 1/2 off 1/4, Baldwin at 135 1/2 off 1, Westinghouse at 51 off 1/4, Midvale at 45 1/4.

WILL ALLOW RETURN OF AMERICAN DEAD

WASHINGTON, April 20.—Under an agreement reached by the United States and the French governments, the bodies of the American soldiers dead may be exhumed and brought home if requested by the next of kin. It was announced today. This work will begin September 15.

Miss Ruth Sackett is spending a few days in Saginaw, Michigan, and will return to Pittsburgh.

FAIR YOUNG BOOSTER BOOSTS BUFFALO

Buffalo is a great city. We can prove our assertion by the following letter from Miss Lillian Hubert. The young lady is a student at School No. 23 in Buffalo, and is "so strong" for her home city that "she took her pen in hand" and told The Progress about some of the many advantages to be found therein.

We know it is all true or Miss Lillian would not say so, and we publish her letter herewith so Progress readers may know why Lillian "boosts Buffalo."

School No. 23, Buffalo, N. Y. April 16, 1920.

The Progress, Clearfield, Pa., Dear Editor:—

My object in writing this letter is to "Boost Buffalo." Buffalo is worthy of my boosting, because it is a great city. It is called the "Queen City of the Lakes." Why? Because it is situated at the base of Lake Erie and all the grains, lumber and fish that are sent down the Great Lakes have to change at Buffalo, from lake to canal boat, for they cannot cross the canal in lake boats. Buffalo is a "hive of industry," making everything from an automobile to a box of powder. Buffalo has a great many means of education. There are no rivals to our beautiful schools, situated in the most pleasant places. We have sixty-six public schools, three colleges and a university. Our hotels are without rivals and our hospitals are unequalled. The streets of Buffalo are of asphalt and lead out of the city. Six daily newspapers give us the news. Buffalo has the most beautiful homes, shaded by trees and situated in such pleasant places.

Buffalo has many parks. They are not just beauty spots, they are used by people of all walks of life. Buffalo also has many beautiful buildings, our Albright Art Gallery is recognized throughout the country for the many gems of art that are there. The Historical Building has an extensive collection, which records Buffalo's history from pioneer days to the present time. The gardens at South Park have growing in it specimens of almost every variety of the world's vegetation. We have a large library and branches of it in all parts of the city; also sub-branches in nearly all the schools. Athletics are provided for young and old. Baseball, tennis, golf, etc., for summer, and skating, coasting and hockey for winter are part of the sports. In all Buffalo is a wonderful city, taking care of all its inhabitants. I hope I have impressed you with the character and importance of Buffalo that you might boost it too.

A Booster,
LILLIAN HUBERT.

STATE ROAD MEN TO FIGHT FOREST FIRES

According to an order issued personally by State Highway Commissioner Sadler, the forces of the State Highway Department throughout the state are directed to hold themselves in readiness at all times to assist the Forestry Department in fighting forest fires.

County Superintendent of Roads Westcott received his official notification today and in turn has instructed the men under his supervision to act promptly in accordance with the Commissioner's order and combat all forest fires happening in their districts, and in every case of woods fires to promptly notify the local representative of the Forestry Department, or the Fire Warden of the district.

This sensible action on the part of the Highway Commissioner should result in great good throughout the state.

Charles Evans, son of Mr. and Mrs. George Evans, arrived home last week having been discharged from a military hospital after many months' treatment for a badly injured arm which he received in action in France in the summer of 1918. He is looking and feeling fine.

SOLDIER BONUS PLAN AGREED ON BY COMMITTEE

Chairman Fordney of Ways and Means Committee Reports Satisfactory Solution

\$1.25 TO \$2.75 PER DAY

WASHINGTON, April 20—Revised plans of sub-committees of the Ways and Means Committee provide a cash bonus of \$1.25 per day for soldiers, sailors and marines, instead of \$1 per day as first agreed upon. Chairman Fordney today began whipping a bill into shape from drafts by the sub-committees appointed to investigate different schemes for soldier relief. The measure will be laid before the Democratic members of the committee next Wednesday. Mr. Fordney hopes it can be reported and passed in the House before the end of the week. The bill will be written under five main titles: (1) Cash bonus. (2) Home aid (two plans). (3) Vocational education. (4) Paid-up insurance. (5) Revenue. It will be optional with soldiers, sailors and marines as to which of the four plans of relief they shall take.

Under the first title will be a provision for \$1.25 cash bonus per diem of service. It is understood that officers will not be entitled to this. There has been much discussion in committee over the wisdom of letting certain regulars who were in the service when this country entered the war receive a bonus. Details of the exceptions have not been completed. The Home-Aid title endeavors to combine features of bills that provide for irrigation of arid lands and advancements of credits with which to secure a home in town or country. A loan of \$1,000 for irrigation purposes has been tentatively agreed upon. In the event a home is desired by soldiers, sailors and marines will be credited 50 cents more per diem than if they took a cash bonus. That is, they will be allowed \$1.75 per diem. Following up the vocational education plan established during the war the bill permits a credit of \$1.75 per diem.

The fourth title, allowing paid-up insurance under certain conditions will make it possible, for men who desire it to carry on the insurance already taken out in the Bureau of War Risk Insurance. It is believed this will be one of the most attractive of the four options and that it will be chosen by many men in preference to a cash bonus.

Republicans of the Ways and Means Committee are proud of the way they have worked out the soldier relief legislation from the six-odd measures presented to Congress. They think it will meet the wishes of all classes of service men. Final agreement has not been reached on the revenue provisions. In all probability the proposed tax of one-half of 1 per cent. on gross sales of concerns with more than \$200 business per month will be retained.

THREE THOUSAND LICENSED DOGS IN COUNTY

According to the records in County Treasurer Rumberger's office, there are approximately three thousand licensed dogs in Clearfield county, upon which their owners have paid the necessary tax for 1920.

In 1918, the first year the present law was in effect, 4,800 dog licenses were taken out in the county. In 1919 the number fell off to 2900 and thus far this year there have been a few more than 3000 licenses issued.

During the past week more than 500 licenses were issued and the returns are far from all in from the different districts. The State Agricultural Department and State Game Commission propose to make every constable obey the law and get tax or the dog in every case, with prosecution for the dog owner attempts to evade the law.

White House Hopes

James M. Cox

OHIO GOVERNOR WAS A PRINTER'S DEVIL

1870—Born at Jacksonburg, Ohio.
1889—Reported devil on a Dayton paper.
1898—Bought Dayton Daily News.
1903—Bought Springfield paper and formed News League of Ohio.
1909—Began first of two terms in Congress.
1913—Governor of Ohio.
1915—Defeated for governor by Frank B. Willis.
1917—Defeated Willis and began second term as governor.
1919—Began third term as governor.
1920—Mentioned as Democratic Presidential possibility.

Men call "Jimmy" Cox, Ohio's three-time governor, a "regular fellow."

He can tell a good story and appreciates hearing one. He is a fair whist player who enjoys the game most when he wins. He is an engaging conversationalist.

But above all, James M. Cox likes the outdoors. He is an enthusiastic fisherman and hunter. When he is in Dayton, almost any morning, he may be seen at sunrise taking a brisk canter over country roads near his farm, alone or accompanied by Mrs. Cox and James Jr. When in Columbus, he tries to get in a round or so of golf every afternoon.

For several years he has spent his summers at a cottage in northern

(Continued on Page Three)

POPULAR CLEARFIELD COUPLE MARRIED

Edward Leitzinger and Miss Mary Shirey surprised their host of friends by slipping quietly up to St. Francis parsonage at 6:30 o'clock last evening and having Rev. Father M. A. Ryan say the words which united them in the holy bonds of wedlock. The attendants were Miss Genella Shirey, sister of the bride and Frederick Leitzinger, brother of the groom.

The bride was attired in a dark blue serge traveling suit, with hat to match. The bridesmaid also wore a dark blue suit.

The happy couple are among Clearfield's best known and most popular young people and The Progress joins with their host of friends in wishing them a long and happy wedded life.

The bride is the daughter of Mr. and Mrs. Lemuel Shirey of Lawrence township and possesses all the gifts and graces necessary in the making of a fitting helpmate. The groom is the second son of Mr. and Mrs. John F. Leitzinger and is a valued employee of Leitzinger Bros. He served with the Twenty-third Engineers overseas and is a popular, bustling young business man.

Following the ceremony the wedding party journeyed to Tyrone by auto where they took a main line train for a trip to Philadelphia, New York and Atlantic City.

INDIANA COUNTY MAN IS KILLED BY OWN BURGLAR TRAP

John Blakely, Jr., a well known farmer of Bullington township, Indiana county, was killed early Sunday by a trap he had set for thieves.

Within recent weeks the granary of the Blakely farm near Dilltown, had been robbed several times. Saturday night Mr. Blakely placed a loaded shotgun inside the granary, the muzzle pointed at the doorway, and so arranged that it would fire when the door was opened. He apparently forgot the trap he had fixed, and about 7:30 Sunday morning went to the granary and opened the door. The charge struck him full in the breast and he lived less than half an hour.

The deceased, who was 25 years of age, leaves his father, mother, two sisters and two brothers.

A. M. Liveright is transacting business in Indiana this week.

Charles Livingston left today for Coshocton, Ohio, where he has accepted a position.

ALLIES REPLY TO WILSON ON TURKISH PEACE

Inter-Allied Conflab At San Remo Devotes First Session To Reply To President's Note

FRANCE WANTS OCCUPATION

SAN REMO, April 19.—At the end of the first day of its deliberation, the inter-allied supreme court drafted a reply to President Wilson's recent note on the Turkish peace treaty to certain clauses of which the President had objected.

Further discussion of the Turkish settlement is pending Mr. Wilson's reply. The note, it is understood, complains that American non-representation at the San Remo conference is delaying the Turkish settlement. It asserts that America's assent is necessary to render the treaty operative.

Premier Millerand spent the day, it is understood, trying to impress upon his British and Italian conferees, the necessity of adopting a united, firm front toward Germany, especially on the question of that country's disarmament under the Versailles treaty. Millerand expressed the fear that by the time expert reports are examined, the conference will break up without reaching an agreement upon the future attitude of the allies towards Germany. The latter, he insists, will be encouraged into further temporizing as to fulfillment of vital clauses of the Versailles pact.

Premier Lloyd George and Nitti, on the other hand, are seeking to impress the French premier with the necessity of France agreeing that co-ercing of Germany, by cutting off supplies, and not by military action, is the proper solution. In reply to those arguments, Millerand is said to have asserted the advisability of crushing any prospects of reviving of junkerism by strong armed forces.

In spite of secrecy in regard to the confidential conference between Premier Nitti and George, prior to Millerand's arrival, the question as to what the two discussed was a subject of much speculation here.

Marshal Foch has not put in an appearance as yet, but the military element is much in evidence at Premier Millerand's headquarters.

Premier Millerand is reported to have suggested to Premier Lloyd George that France, England and Belgium jointly occupy the German Ruhr district to insure German coal deliveries if the reichswehr refuse to evacuate that zone. The French premier is said to have taken the stand that a blockade of Germany would give rise to objections on the ground it was "not humane."

Johnson at San Remo Robert Underwood Johnson, the new American ambassador to Italy, who stopped off here on his way from Paris to Rome, declared that President Wilson will protest against the proposal for the partition of Albania and also against the cession of Scutari to Jugoslavia.

When Mr. Johnson arrived here Saturday night, reports became current that he would participate in the supreme council meeting, but he explained that his presence was due to railway strike troubles which made it necessary for him to pass through San Remo. He had planned to take the Modane route, but the tie-up of traffic compelled him to take the Southern route. He left Sunday night.

Up to the last minute Mr. Johnson had expected to represent the United States at the meeting, but received no instructions from Washington. He told friends that instructions may be awaiting him at the American embassy at Rome and that he might return to participate as an observer without taking an active part in the deliberations.

APPOINTED CENSUS ENUMERATORS

The "powers that be" Democratically speaking have appointed Ed. C. Bowman, of Clearfield, and James F. Dunn, of DuBois, to take the industrial census of Clearfield county. The new enumerators took up their duties yesterday and are starting in on Clearfield.

This census will embrace all manufacturing establishments with an output valued at \$500 and over during last year.

FIREMEN ASK FOR ADDITIONAL EQUIPMENT

Request Council To Authorize \$30,000 Bond Issue For Pump, Chemical Truck, Etc

BEGIN THIRD STREET PAVING

The regular meeting of council at the borough building last evening was attended by the following members of council: President of council Fletcher, Graham, McFarland, Jay, Rosser, Williams, Gilliland, McClekey. Burgess Chase was also present.

The principal topic under discussion during the evening was the matter of the improvement of Third street. The Pennsylvania Railroad Company has not yet notified council as to what they propose to do in this matter and of course that adds somewhat to the difficulty of the situation. Chairman Rosser of the Highway department recommended that the curbs and gutters be constructed and council directed that this be done.

Borough Engineer Ross reported progress on the matter of estimates for alley paving and the paving of South Fourth street and Oakley avenue.

Borough Solicitor Urey reported that the Public Service Commission had fixed May 5th for hearing of complaints against Bell Telephone rate increases. The hearing will be held in Harrisburg. No time had been set for the hearing in the B. & C. Telephone Co. case and the solicitor gave it as his opinion that this hearing would be held in Clearfield.

The following request for new equipment was presented to council by the Fire department:

April 16, 1920
Otis Knepp
Chief Fire Dept.
Clearfield, Pa.

At a special meeting of the Clearfield Fire Dept. held this day the following motion was made and passed: Resolved, that the department executive committee proceed to go before council and request a bond issue of \$30,000 to purchase fire equipment as follows: 1 triple combination pump, chemical and hose truck, motor driven; 1 hose and chemical truck, motor driven; 1 chemical truck, motor driven; 5000 feet hose; 5 dozen rubber coats; 5 dozen firemen's hats; 6 high pressure nozzles. Also that council consider motorizing the present steam pumper with LaFrance tractor.

Very truly yours,
A. P. Spangler, Sec.
Clearfield Fire Dept.

The request was presented by Messrs. Fargo, Krebs and Spangler of the Executive Committee. After considerable discussion the request was laid upon the table indefinitely, it being the unanimous opinion of council that the borough finances precluded any thought of such expenditure at this time.

The Highway department reported that they were arranging to take care of the garbage situation by the erection of a garbage incinerator or kiln on the lot belonging to the borough along the Guinea Hill road. The incinerator which will be of ample size to accommodate a town such as ours and a man will be in charge to look after same and keep the garbage burned up and the place sanitary.

A committee of citizens of Lawrence township was present for the purpose of finding out how to proceed to have their section of town taken into the borough. They were given the necessary information by Borough Solicitor Urey.

Dr. J. M. Quigley of the Board of Health, who was present strongly urged the extension of the borough limits as a public health measure saying: "a great majority of our contagious diseases and generally unhealthy conditions originate and are traceable to unsanitary conditions just at the edge of the borough in several different sections, with the local board of health powerless to interfere."

Mrs. M. F. Kar-Letter and Mrs. George Sawtelle, of Curwensville, were shopping in our stores today.

J. E. Fry, of DuBois, was a business caller in town today.

EVERY CENT RETURNED TO YOU

Every cent which you may lay out for wiring your home for Electric Service will come back to you a dozenfold in improved comfort and convenience and additional happiness.

More Money If You Sell

And if you sell or rent your home you will find the cost of wiring more than offset by the increased selling price or the larger rental. Think it over. Can you afford to be without Electric Convenience?

Wire For Electricity Today

Let us send our contract for you to sign today so that you may begin to enjoy the many benefits of Electricity at once. You will never regret the day you arrange for Electric Service in your home.

A phone call will bring our representative to your home—his services are free.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

STATE COLLEGE TO LIMIT FRESHMAN CLASS TO 750

Officials Predict That 1000 Applicants Will Have to be Turned Away Next Fall.

STATE COLLEGE, Pa., April 19.—Only 750 new students can be admitted to the Freshman class at Penn State next September, according to an announcement here today by Dr. Edwin E. Sparks, president of the college. This action has been taken by the board of trustees, in view of the fact that the college is now crowded beyond capacity with almost 3000 four-year course students.

"As a matter of fact," says Dr. Sparks, "Penn State could well afford to refrain from taking any new students next year, from the standpoint of existing facilities. We now have 813 Juniors, exactly the same number of Sophomores, and 856 Freshmen. Next year, that total of 2482 students would mean comfortable conditions for the college, without admitting more. But we cannot overlook the fact that thousands of Pennsylvania boys and girls are clamoring for a higher education, and this being a tax-supported institution, we must admit as many as possible."

CUT THIS OUT—IT IS WORTH MONEY

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar, or coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels.

DID YOU LOSE AN AUTO TRUCK?

Burgess John M. Chase has a perfectly decent auto truck on his hands as an asset or liability of the borough until the owner is found. The truck—an International—was abandoned on Nichol street some time Friday evening, April 9th, and was picked up as a vagrant by direction of the Burgess and is now impounded in the borough tool shed, awaiting the owner.

COULD NOT STAND STRAIGHT

It does not take long, when the kidneys are out of order and are not doing their work properly, for poisonous acids to accumulate in the system and cause aches and pains. D. C. Diamond, 2865 W. 30th St., Cleveland, O., writes: "I caught cold and it settled in my kidneys. My back and sides were so lame and sore I could not stand straight. I used Foley Kidney Pills with good result and am glad to testify to their helping power."

GOES TO CALIFORNIA

Fred J. Barrett, a former Clearfield boy, who went to Akron, Ohio, following his return from overseas service with the A. E. F., has been sent to California, to take charge of a department in a plant of the Good-year Rubber company. Fred's many local friends will be pleased to learn of his advancement.

NOTICE

LETTER FROM MRS. BRUCE

Tells Remarkable Story of Sickness and Recovery.

Brookburg, Ind.—"When I was a young girl I clerked in my father's store and lifted heavy boxes which caused displacement and I suffered greatly. I was married at the age of eighteen and went to a doctor about my trouble and he said if I had a child I would be all right. After three years twins came to us and I did get all right but three years later a baby boy came and I was troubled again. I could scarcely do any work at all and suffered for four years. A neighbor told me about Lydia E. Pinkham's Vegetable Compound and I took it for a year or more. Now I have a baby girl and do not have any female trouble. You can do anything you like with my letter to help others.—Mrs. J. M. Bruce, R. F. D. 3, Brookburg, Ind.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—see tell the truth else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years. If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

BOYS AGAIN

There is something so delightful in smooth taste and coolness of a good pure ice cream and accompanied by the crisp cone that men, women and children meet on a common plane of enjoyment. It is one food that adults enjoy and thrive on in equal measure with the children.

YOU KNOW WHY

Help that distressed stomach

Indigestion, heartburn, sour stomach, belching, etc., yield to DILL'S Digesters. One or two after meals aid digestion, help toward better health! Contain pure, standard ingredients only. Agreeable—certain in their effects. In the attractive watch-size bottle. At all Druggists.

Continued from Page One.

Michigna, where, with his entire family, he allows nothing to distract from his enjoyment of the outdoors. In season many a field in Kentucky, Tennessee and Alabama have known his presence and everywhere he has hunted his favorite dog Tom has become a crony of the natives.

His love of hunting is in reality a love of hunting dogs. Nothing in recent years has grieved him like the death of old Tom, run down and killed by an automobile a few weeks ago.

Cox believes his ability to forget work and take rest and recreation is his greatest asset. When applying himself at his office, the governor drives with endless energy, but works without friction. He will not be stampeded into a quick decision, although his judgments are formed quickly and then promptly executed.

Governor Cox was 50 years old two weeks ago. He is robust, weighs about 165 pounds and is stockily built.

Cox was developed in the hard school of experience. His early education he got in the public schools. When quite young he started to work as a printer's devil, then taught school, became a newspaper reporter, was private secretary to a congressman, a congressman for two terms, became editor and owner of two Ohio daily newspapers, and finally was elected governor. His third term as governor will end in 1921.

Cox was born on a farm near Jacksonburg, Ohio, a few miles from Dayton. He spent his youth working on the farm and attending school near his home. As he grew older, he like other boys of the neighborhood, went to seek his fortune.

He obtained employment from time to time on Dayton and Cincinnati newspapers, as printer's devil. Later he became a reporter and copy reader on the Enquirer, Cincinnati.

In 1898 Cox bought the Dayton News. In 1903 he bought the Springfield Press-Republic, forming later the Springfield News. These two papers now constitute the News League of Ohio of which Cox is owner and editorial director.

Cox represented the Third Ohio district in Congress from 1909 to 1913. In the latter year he began his first term of governor, his election as a democrat having been hailed by republicans as an "accident". In 1915 he was defeated for re-election by Frank B. Willis, republican. In 1917, however, Cox came back strong and won the election over Willis. In 1919 he was again elected for a two-year term.

Cox had barely assumed the duties of Governor in 1913 when the great floods of that spring inundated Dayton and the valleys of the Miami and Scioto. The man who dominated the situation following the floods was Cox. He assumed complete charge, declared martial law, and in three days, during which he never left his office, started the wheels of relief moving and had rehabilitation under way.

During that series of disasters, Cox was "chief magistrate, commander-in-chief, head of the life-saving service, provider of food and clothing, principal health officer, severest disciplinarian, hardest worker, most hopeful prophet, sanest counselor, kindest philanthropist and most accurate reporter," according to a contemporary editorial writer.

Indicative of Cox's management of affairs in Ohio was his action in removing the Mayor of Canton, a Democrat, and his substitution for him of a Republican Mayor.

There was a strike of mill workers at Canton. Operators attempted to resume work in the face of the strike and considerable disorder followed. The governor issued a proclamation calling on local officials in all the cities and counties to do their full duty to preserve order and prevent outbreaks. He told them violation of the law on the part of either the strikers or mill owners would not be tolerated and announced he would hold the local officials to strict accountability.

Disorder continued at Canton. City officials, citizens and mill owners asked the governor to send in state troops. Cox replied by removing the mayor and ordering the mobilization of the national guard to support the new mayor, but refusing to send the troops to Canton. Peace was restored.

"Jim Cox was one of the first governors in the nation to go after profiteering. Long before any definite stand was taken by federal authorities, Cox announced he would run down and prosecute every man found booting unably the cost of food-tuffs and life necessities. The campaign in Ohio became of national importance, several other governors following suit.

Governor Cox sponsored and secured passage of the Ohio workmen's compensation act which only recently was approved by King Albert of Bel-

gium as a model for the world. This act eliminated all the major reasons for conflict between employer and employee by guaranteeing injured workmen and dependents of those who lost their lives in line of duty, a sufficient indemnity by automatic action by the state.

Other things accomplished by Governor Cox during his three terms are child labor laws that have been copied by other states; a mother's pension system; initiative and referendum; a scientific budget system; a prison farm to provide healthy occupation for convicts; elimination of sweat shops; a "blue sky" law to protect Ohio investors;

PUNXSU MAN IS FOUND HANG- ING NEAR FAIRGROUNDS

Lying in a small woods copse in the big plot devoted to pasturage just north of the fairgrounds, the body of James Groves, a well-known resident of the West End, was found at noon Sunday by Earl Lundy and Dewitt Drummond, boys who had been playing in that section. County Coroner N. C. Mills, who investigated the death, declared that death was due to suicide, and that it had occurred about a week ago, says the Punxsutawney Spirit. He was 37 years of age and unmarried.

Miss Annie Griffin has returned to Rochester, N. Y., having been called here on account of the death of her brother Daniel Griffin.

GIVEN UP TO DIE OF STOMACH TROUBLE

But Mr. Baker is well now. Feels like he did at sixteen.

"One year ago in September I was taken down; couldn't eat, sleep or work. The doctors didn't know exactly what was the matter. Some said I had catarrhal gastritis, and others, cancer. Anyway, I was given up to die. "A friend persuaded me to try Milk's Emulsion. In 2 or 3 weeks, the soreness went out of my lungs, the pains vanished from between my shoulders, and I began to eat and sleep. Also the miserable long-some feeling began to tear loose and that heavy weight in the left side of my stomach, that hung like a huge iron ball, disappeared. "By the time I had taken 21 bottles, I could eat anything, sleep like an infant, and the old time vim came back. I felt like I did when I was 16. "Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickens the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. "This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children. "No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Fort Wayne, Ind. Sold by druggists everywhere. "Guaranteed by Stewart's Drug Store."

Mr. and Mrs. A. L. Garce, of Toronto, Ohio, are stopping at the Presbyterian manse. About fifteen weeks ago Mrs. Garce fell and broke a bone in one of her limbs between the ankle and knee and so severe was the break that she has been unable to leave her bed since that time.

**EAT LESS MEAT
IF BACK HURTS**
Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Miss Alta Smith of Leontes Mills was shopping in town yesterday.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Vannie Caldwell left for Pittsburgh yesterday where he has been engaged by Curwensville parties to take down and pack up some store fixtures, mostly glass, which had been purchased in that city and will be brought to Clearfield and installed in one of the clothing stores of that town.

Chief of Police Clark went to Williamsport last Friday to serve some official papers on parties residing in that city. He returned home on Saturday forenoon, coming in from DuBois on a "shifter," he missing the regular passenger train by the "skin of his teeth."

Within the past few days the mines and other industries hereabouts have had no trouble in securing all the cars necessary with which to out-load their product. The fear that some of the industries would be compelled to shut down their works this week on account of car shortage, has been swept away, and the workmen are highly pleased that they will be able to work almost full time from now on. During the last week it looked pretty blue around here so far as getting in cars was concerned, but judging from the strike situation yesterday, cars can be obtained in plenty for the asking.

Now that the main streets have been thoroughly cleansed and washed from dirt and filth, it behooves every citizen in this town to see that a general clean-up is made around his property, and thereby assisting in putting the town, generally speaking, in a first-class healthy condition. A clean-up does not amount to a great deal where only a few or a part of the population observe the common rule of cleanliness. To have any effect it must be a concentrated movement of all the people, be they the owner or merely a renter of property. Good health is just as essential to a man and his little ones who rents as to the one who owns his property. Therefore, all should join in a general cleaning up.

Last Friday evening one of the most pleasant events, socially, came off at the Presbyterian church when about twenty-five or thirty Boy Scouts entertained their fathers at a banquet, and the program as carried out, together with the royal good time both father and son enjoyed will ever remain a pleasant epoch in the history of Curwensville scoutism. The first number on the program was the pledge of allegiance of the Scouts which was immediately followed by an invocation by Rev. Father Lynch, who is a firm friend of the Boy Scout movement in Curwensville first, last and all the time. A six course ban-

quet followed which consumed more than an hour of time, more than sixty persons partaking thereof. Oh, but it was a grand sight to see how those boys did eat, and every once in a while one or two would be noticed letting out a notch in his belt, in order to consume as much of the good things as possible. Did everybody enjoy that banquet? Ask of the wild, wild winds, and be satisfied that they did. After the inner man had been satisfied and stuffed like a turkey for a Thanksgiving dinner, Rev. B. H. Connelly, who acted as toastmaster, arose and announced that the program would now be resumed. The first toast "The Scout," by William Kettleberger, was rendered in a manner which brought him loud applause at its conclusion. The response, "The Father," by Ralph Johnston, was a theme which created much interest, and showed to the fathers present that they should back up the Scout movement for all they are worth, and thus encourage their sons to go forward with the good work with which they had already connected themselves. Demonstrations were then given in semaphore signaling by Scouts Forecey and Knepp, and their work was well executed and praised by those who sat and followed their movements closely; following on the heels of this Scouts Cross and LaPorte went thru the wigwag signaling manual and Father learned another lesson in the ways of intelligent communication when Scouts are separated by a distance and wish to convey a message to one another. The first aid team then took the floor composed of Scouts Cross, Wrigley, and LaPorte. They demonstrated in a rapid and masterly manner the methods used in rendering first aid in case of a broken leg and in making of a stretcher by knotting coats together, giving an exhibition of all the holds and of carrying injured persons a distance after administering first aid. Their work was interesting and more of it would have been given had not the time been so short. Rev. Collins, of the M. E. church, was called upon who gave a gratifying and interesting talk on the advantages to be derived from following out the teachings and instructions as laid down for the guidance of the Boy Scout movement in America. William H. Weishert, field executive of Boy Scout, of Pittsburgh, was then called for, and arising without hesitation, started his address by a line of talk which pleased his audience greatly. While he doped out Boy Scout talk, good and plenty, he intermingled his saying with enough witticisms to keep the attention of the boys in the right line and at the same time make them understand that they were engaged in a great work and that they should not once falter in the line of duty no matter how hard or difficult it was to perform. He strongly advised the Curwensville Scouts to keep on the firing line at all times, faithfully perform all obligations imposed upon them, live good, clean lives, and as they grew into manhood they would be the bulwark of their nation's defense in time of trouble. His talk all the way along was of the common sense variety, and the language used was not beyond the grasp of the youngest Scout present. He was followed by Messrs. Rev. Father Lynch, M. J. McKinley and Prof. Shields, all three of whom gave valuable hints as to the life a good Scout should live; letting their light so shine that their presence in any community would be felt for good, not only to themselves but by all persons with whom they came in contact. The program for the evening came to an end by a demonstration of wireless, the operator getting in touch with a station at Arlington Heights near Washington, D. C. The McKinley orchestra was present and furnished excellent music during the whole evening, which contributed greatly to the pleasure of all those in the room. Messrs. Rev. Connelly, Daniel Irvin and M. J. McKinley, compose a council who are looking after the interests of the Scout patrols in Curwensville and these three gentlemen are taking a great interest in the boys and their work, which is a sure indication that the Scouts will have a busy summer. Too much praise and credit cannot be given to the Ladies Aid Society of the Presbyterian church for the manner in which this banquet was gotten together and served and to the gentlemen waiters Messrs. Maxwell, Ammerman, Santee, Kantar and Murray, who saw to it that none left the table who had not been amply well filled to the top with the good things set before them. It was a great night for the Boy Scouts and their fathers, there is no mistake, and the time will seem long to them before the time rolls around for the holding of another gathering and banquet.

Miss Bailey of Philpburg, was the guest of Mrs. J. P. Irvin over Sunday.

Robert Avenill, of Pittsburgh, was a visitor at the Presbyterian manse, the guest of Rev. and Mrs. Connelly last Friday.

Miss Bailey of Philpburg, was the guest of Mrs. J. P. Irvin over Sunday.

The Unlaid Eggs

The grain-fed hen usually carries a number of unlaid eggs—yolks which she cannot complete into eggs and lay, because her feed lacks the necessary white-forming nutrients. (That's why egg-yolks are found in a hen, when it is dressed). Many of these yolks of unfinished eggs are finally absorbed back into the hen's system.

Missouri Experiment Station tests showed that 100 lbs. of wheat, corn, oats, barley and kafir corn make (above bodily maintenance) an average of 224 yolks and only 154 whites. Based on data from the same experiments, Purina formulas reduce, (above bodily maintenance) as follows:—

	Yolks	Whites
Purina Scratch Feed	247.49	142.11
Purina Chicken Chowder	182.05	282.55
Combined Ration	429.54	424.66

These feeds, used in combination, form the most perfectly balanced and economical egg producer you can buy. Purina Chicken Chowder is the egg-completing ration containing exactly the right feed elements to make the necessary whites. That's why we can positively guarantee

More eggs or money back

on Purina Chicken Chowder if fed with Purina Scratch Feed or directed. You take no risk.

Another Royal Suggestion DOUGHNUTS and CRULLERS

From the NEW ROYAL COOK BOOK

DOUGHNUTS made by the doughboy happy during the war and no wonder. There is nothing more wholesome and delightful than doughnuts or crullers rightly made. Their rich, golden color and appetizing aroma will create an appetite quicker than anything else in the world.

Here are the famous doughnut and cruller recipes from the New Royal Cook Book.

Doughnuts
3 tablespoons shortening
2 cups sugar
2 eggs
1 cup milk
1 teaspoon nutmeg
1 teaspoon salt
1 cup flour
4 cups Royal Baking Powder
Cream shortening; add sugar gradually and beat eggs; sift together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about 1/4 inch thick and cut into strips about 4 inches long and 1/4 inch wide; roll in hands and twist each strip and bring ends together. Fry in deep hot fat. Drain and roll in powdered sugar.

Afternoon Tea Doughnuts
2 eggs
6 tablespoons sugar
1/2 teaspoon salt
1/2 teaspoon grated nutmeg

ROYAL BAKING POWDER

Absolutely Pure

Crullers
4 tablespoons shortening

**COBURN'S MINSTRELS**

"Not the largest, but one of the best," is said of J. A. Coburn's Minstrels, by those who enjoy bright, clean comedy, fine music and all that makes good minstrelsy. Among the oldest attractions now enroute by honest effort and delivery of irreproachable amusement, they have attained a popularity second to none. Year after year, with an entire new performance each season, new people and new ideas demanding ability and gentility of its members, it has become a household word in its line. The announcement of their appearance at the Driggs Theatre on Thursday evening, with what is said to be the best production ever carried by Manager Coburn in point of magnificence and completeness, is an assurance of your money's worth and all that is possible in modern and old-time minstrel enjoyment and excellence. It's the show you know the show you enjoy, which keeps faith and is ever welcome.

WITH FINGERS!**CORNS LIFT OUT**

Freezone is magic! Corns and calluses lift right off—
Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

Abe Shapiro spent the week end with friends in Pittsburgh.

**TURN HAIR DARK
WITH SAGE TEA**

Grandma kept her locks dark, glossy and youthful with a simple mixture of Sage Tea and Sulphur

The oldtime mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mossy mixture at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft

to
Corns**

"Gets-It" Makes 'Em Lose Their Grip and Lift Off Painlessly.

The first thing "Gets-It" does when it lands on a corn or callus is to snuff out the pain. Then it shrivels the corn or callus and loosens it.

"Gets-It"
"Finishes"
for Corns

Soon, it is almost ready to fall off. You help it just a little by lifting it off 'twist thumb and finger. You don't even feel it, because there is no hurt left in it. Millions have proved it the cleanest, surest, safest and most pleasant method.

"Gets-It," the never failing, guaranteed money-back corn remover costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago. Said in Clearfield and recommended as the world's best corn remedy by Stewart Drug Company and Irwin

PROGRESS JOB DEPARTMENT

**NAME "BAYER" ON
GENUINE ASPIRIN**

For Pain, Colds, Headache, Toothache, Neuralgia, Lumbago, Rheumatism.

You want relief—quickly and safely. Then insist on "Bayer Tablets of Aspirin," stamped with the "Bayer Cross."

The name "Bayer" means you are getting genuine Aspirin prescribed by physicians for over eighteen years, and proved safe by millions of people.

For a few cents you can get a handy tin box of genuine "Bayer Tablets of Aspirin," containing twelve tablets. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Kohnscheidt, of Salicylic acid.

Lemon Juice

The Wonderful Stroniko Method for Self Treatment of

RHEUMATISM

Happy men and women are they who enjoy the health improvement that comes while the poison of rheumatism is leaving. The new Stroniko method is so beneficial, yet so inexpensive you should adopt it at once.

Add the juice of a half lemon and a little Stroniko to a cup or glass of water; hot or cold. Sip slowly. Follow the other simple directions that come. Watch the benefit.

No matter how long you have suffered from rheumatism or what you have been using, here is a self treatment method that you can follow and look for the finest kind of joy. Surely, you want to be free from pains and lameness, you want a longer and more contented life. Then get a package of Stroniko. A money-refund guarantee is given, so you risk no expense except the lemon. A proof packet will be mailed free by Stroniko Laboratory, RB-98, New Haven, Conn. Or buy a full package of genuine Stroniko, under \$100, guarantee, at any busy druggist's, including C. W. DOOLEY.

Mu-Col Quickly Defeats Deadly Catarrh Germs

Says Mu-col Makes Miserable, Despondent Catarrh Sufferers Well Again in Short Time at Trifling Cost.

Here is the only sure way to get rid of catarrh, with all its obnoxious symptoms: Go to your druggist today and say "I want a small package of MU-COL." Dissolve half a teaspoonful in a teaspoonful of warm water and stir till dissolved. Then, by -ruffling up from the palm of the hand or by using nasal douche or atomizer, allow the MU-COL solution to come into contact with the infected membranes. Almost instantly you will feel the effect, as its penetrating antiseptic properties are carried into every nook and crevice of the mucous membrane where the germs thrive and multiply, loosening up the congestion and accumulated secretions, which if not attended to now, will eventually threaten the existence of the membranes themselves. All good druggists can supply you.

MARRIAGE LICENSES

George Laing and Halfena Evans, both of Glen Richey.
Rueben L. Fegan, of Indiana, and Bertha Tilinsky, of Rosebud.
Charles Carmonick and Annie Yawoski, both of Irvona.
Russell McFadden and Jane Rainey, both of Ladose.
Lewis William Fowler, of Madera, and Flora Miller, of Ramey.
Earl Walker, of Indiana county, and Vivian Brown, of Cherry Tree.

Why Druggists Recommend Swamp-Root

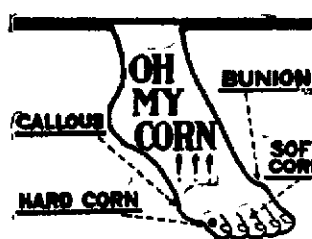

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Clearfield Progress.

End The Agony and Torture
From Corns, Callouses,
and Bunions with

CORN "FIX"

the wonderful new discovery for corns, callouses and bunions. The pain stops with the very first drop. In 10 minutes the corn may be easily removed. Expert Chiropodist's use the same method. Many of them use Corn "FIX". Corn "FIX" contains no ether, colodion, salicylic acid, or other harmful ingredients to eat the good flesh and make the foot sore. No more extended treatments for several days and nights; no more soaking or "cooking" the feet necessary. In 10 minutes the corn is gone—so is the pain. Corn "FIX" is quicker, safer and different. Don't suffer another minute! Corn "FIX" is wonderful and will surely help you. If your dealer cannot supply you send us 35c in stamps and we will mail you a bottle direct from our laboratory. Your money refunded if you are not satisfied.

CORN FIX CO., Inc., Newark, N. J.

Gossip for Tonight's Tea Table

Old Doc Stork lit in Plymptonville on Saturday night and as a result Raymond Rowles is pretty chesty. It's a fine eight pound boy.

Mother and son are doing fine but in view of the fact that it's Raymond's first experience, he's fairly wild as yet.

Miss Betty Dunlap of Olanda, spent yesterday with her Clearfield friends. Mrs. Will Kurtz left today to visit with relatives and friends in Lewisburg.

Harry Evans who has been confined to his home on West Front street is able to be about again. Dr. H. H. Lewis of Surveyor transacted business in town today.

Miss Clara Bernard spent yesterday with friends in DuBois.

Mrs. Earl Thorn and daughter Gladys have returned from spending a few days with Mrs. Thorn's parents in Houtzdale.

Webb Shillingford is in Philadelphia transacting business.

H. B. Gaulin left today to attend to business in Philadelphia.

Mrs. L. D. McDowell of Snow Shoe, who underwent a serious operation at the Clearfield hospital, is getting along nicely.

Mr. and Mrs. John H. Moore, Mr. and Mrs. C. T. Hile, Mr. and Mrs. Harry Knepp and Mr. and Mrs. Isenbeig and McGees Mills left this morning for Saginaw, Michigan, and will spend a couple of days in Pittsburgh on their way home.

Mrs. D. W. Speck is spending a few days with friends in Philadelphia.

Miss Bernice LaBord, of Curwensville, was shopping in town today.

HUNTINGDON, April 20—Cracksmen early today dynamited the post office vault in the federal building here and escaped with cash, thrift and war saving stamps and registered letters. The value of the loot is unknown.

WANTED—To buy a small cash register. Address A. M. W., care Progress. A20-24-ch

SULPHUR IS BEST TO CLEAR UP UGLY BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

War Scarcity Still Prevails In Telephone Equipment

Have you considered the terrific increase in materials that enter into our business, due to the late war?

Thousands—we might say millions—of miles of wire, thousands of 'phone instruments and a myriad of the little things used in a well regulated telephone system, were needed in France to make your home a safe place in which to live over here.

That produced a scarcity; the scarcity shot prices to unprecedented levels, which are still maintained.

In fact,——

The cost of everything that enters into your 'phone service has increased, yet the rates have remained stationary.

In simple justice—Is it fair?

The Huntingdon & Clearfield Telephone Company
